

## 測驗等級 Test Levels

等級 Level	建議學時 Suggested Learning Hours	詞彙量 Suggested Vocabulary Base
<b>萌芽級</b> Sprouting (Basic)	150個學習時數 150 hrs of Chinese training	400個詞彙量 400 Chinese lexical items
<b>成長級</b> Seedling (Intermediate)	300個學習時數 300 hrs of Chinese training	700個詞彙量 700 Chinese lexical items
<b>茁壯級</b> Blossoming (Advanced)	450個學習時數 450 hrs of Chinese training	1,100個詞彙量 1,100 Chinese lexical items

備註：以上學習時數，包含自學時間，適合非華語地區學習者。如果是華語地區學習者應折半計算。

NOTE : The table is only a reference for learners in non-Chinese speaking countries and self-study time is included in the learning hours. For learners living in Chinese-speaking areas, the learning hours could be halved.

CCCC, designed with consideration of children's cognitive and language development, is a standardized test to measure the Chinese proficiency of young test takers from different languages and culture background. With its lively and interesting test content, CCCC helps students to assess their Chinese levels and encourage them to pursue further Chinese study. The test includes the following features:

- Interesting, lively and diverse test content.
- Test content designed especially for children to assess how well they can use Chinese in everyday life.
- Test content based on children's cognitive and language development.
- Color printed test booklet with fascinating pictures to capture children's attention.
